Last update: July 2020

General Assembly
Chairman: MinR Dr. Michael Stötzel, BMBF

Supervisory Board
Chairman: MinDirig'in Oda Keppler, BMBF
Deputy: Dr. Babett Gläser, SMWK

Scientific Advisory Board
Chairman: Prof. Burkard Hillebrands

Scientific-Technical Council
Chairman: Prof. Joachim Wosnitza

Board of Directors

Scientific Director
Prof. Sebastian M. Schmidt

Administrative Director
Dr. Heike Wolke (interim)

Support Staff
- Board Office
- Communications & Media Relations
- Research Programs & International Projects
- Technology Transfer & Innovation
- Occupational Safety and Radiation Protection
- School Lab DeltaX

Compliance Management
Internal Audit

General Works Committee
Chairman: Dr. Anke Richter

Equal Rights Commissioner
Dr. Fine Fiedler

Institutes

Ion Beam Physics and Materials Research
Prof. Manfred Helm
Prof. Jürgen Fassbender

- Accelerator Mass Spectrometry and Isotope Research
- Semiconductor Materials
- Intelligent Materials and Systems
- Ion Beam Center
- Magnetism
- Scaling Phenomena
- Spectroscopy

Dresden High Magnetic Field Laboratory
Prof. Joachim Wosnitza

- Magnet Technologies and Research Infrastructure
- Strongly Correlated Electron Systems

Radiopharmaceutical Cancer Research
Prof. Michael Bachmann
Prof. Klaus Kopka

- Neuroradiopharmaceuticals
- Positron Emission Tomography
- Radioimmunology
- Radionuclide Theragnostics
- Production of Radiopharmaceuticals
- Radiopharmaceutical and Chemical Biology
- Translational TME-Ligands

Radiation Physics
Prof. Thomas Cowan
Prof. Ulrich Schramm

- High Energy Density
- Nuclear Physics
- Laser Particle Acceleration
- Radiation Source ELBE

Fluid Dynamics
Dr. Gunter Gerbeth

- Computational Fluid Dynamics
- Experimental Thermal Fluid Dynamics
- Magneto-hydrodynamics
- Transport Processes at Interfaces

Resource Ecology
Prof. Thorsten Stumpf

- Biogeochemistry
- Biophysics
- Chemistry of the f-elements
- Surface Processes
- Structural Materials
- Molecular Structures
- Reactive Transport
- Reactor Safety

Helmholtz Institute Freiberg for Resource Technology
Dr. Jens Gutzmer (Ph. D ZA)

- Analytics
- Processing
- Biotechnology
- Exploration
- Extraction
- Metallurgy and Recycling
- Modeling and Valuation
- System Integrated Metal Production

Radiooncology – OncoRay
Prof. Mechthild Krause

- Image-guided Radiooncology
- Medical Radiation Physics
- Radiobiology
- Translational Radiooncology

Central Departments

Research Technology
Prof. Peter Kaever

- Measurement Technology
- Instrumentation
- Mechanical Engineering
- Mechanical Technology

Information Services and Computing
Dr. Uwe Konrad

- Library
- Computational Science
- IT Infrastructure
- User Services
- Application Services

Technical Services
Dirk Reichelt

- Building and Technical Facility Management
- Infrastructural Facility and Area Management

Administration

- Finance, Financial Controlling & Third-Party Funds
- Personnel Affairs
- Procuremens

Department of Theoretical Physics
Prof. Ralf Schützhold

Department of CASUS
Dr. Michael Bussmann

Junior Research Groups
Dr. Katerina Falk, Dr. Sascha Heitkam, Dr. Nico Hoffmann, Dr. Dominik Kraus, Dr. Kristina Kvashnina, Dr. Franziska Lederer, Dr. Josefine Metzkes-Ng, Dr. Fabian Schlegel
