

Research Institutes

Ion Beam Physics and Materials Research	Dresden High Magnetic Field Laboratory	Radiopharmaceutical Cancer Research	Radiation Physics	Fluid Dynamics	Resource Ecology	Helmholtz Institute Freiberg for Resource Technology	Radiooncology – OncoRay
Prof. Manfred Helm (2260) Prof. Jürgen Fassbender (3096)	Prof. Joachim Wosnitza (3524)	Prof. Jörg Steinbach (3170) Prof. Michael Bachmann (3170)	Prof. Thomas Cowan (2270) Prof. Ulrich Schramm (2471)	Dr. Gunter Gerbeth (3484)	Prof. Thorsten Stumpf (3210)	Prof. Jens Gutzmer (4400) Prof. Markus Reuter (4411)	Prof. Mechthild Krause (+49 351 458 5441)
- Ion Beam Centre - Magnetism - Scaling Phenomena - Spectroscopy - Semiconductor Materials	- Strongly Correlated Electron Systems - Magnet Technologies and Research Infrastructure	- Radiopharmaceutical and Chemical Biology - Positron Emission Tomography - Radionuclide Theragnostics - Neuroradiopharmaceuticals - Production of Radiopharmaceuticals - Radioimmunology	- Nuclear Physics - High Energy Density - Radiation Source ELBE - Laser Particle Acceleration	- Experimental Thermal Fluid Dynamics - Magneto-hydrodynamics - Transport Processes at Interfaces - Computational Fluid Dynamics	- Reactor Safety - Biogeochemistry - Surface Processes - Molecular Structures - Biophysics - Reactive Transport - Chemistry of the f-elements - Structural Materials	- Processing - Metallurgy and Recycling - Modelling and Evaluation - Analytics - Exploration - Extraction - System Integrated Metal Production	- Image-guided Radiooncology - Translational Radiooncology - Medical Radiation Physics - Radiobiology

Operations and Business

Research Technology	Information Services and Computing	Technical Services	Administration
Prof. Peter Kaefer (3443)	Dr. Uwe Konrad (3264)	Dirk Reichelt (3122)	Andrea Runow (3620)
- Measurement Technology - Instrumentation - Mechanical Engineering - Mechanical Technology	- Computational Science - IT Infrastructure - Library - Software and Services	- Building and Technical Facility Management - Radiation Protection & Safety - Energy and Area Management	- Administrative Information Technology - Personnel Affairs - Finance, Financial Controlling and Third-Party Funds - Central Services - Procurement

Junior Research Groups

Dr. Andrea Cherkouk, Dr. Alina Maria Deac, Dr. Arie Irman, Dr. Dominik Kraus, Dr. Josefine Metzkes,
Dr. Moritz Schmidt, Dr. Helmut Schultheiß, Dr. Thomas Wondrak, Dr. Karl Zeil
