

ODISSEUS Workshop

Oxide Dispersion Strengthened Steels group of young European Scientists

December 9th – 10th, 2013

HZDR Dresden, Germany

The ODISSEUS workshop is dedicated to PhD students and Postdocs in the field of ODS steels including Fabrication, Characterization, Irradiation behaviour and Modelling. The goal is to exchange experience in a relaxed atmosphere among young academics and to encourage collaboration beyond existing projects.

The program will contain short talks in the morning and discussion sessions in the afternoon. For the latter, subtopic suggestions within the main fields are welcome.

Please register to the workshop until October, 31st. The workshop is free of charge.

We are looking forward to welcome you in Dresden!
