

COURSE:

Introduction to Polymer Chemistry

Prof. Dr. Rainer Jordan

Department of Chemistry, TU Dresden

Dates: **09, 16, 23, 30 January 2014**

Time: **09:20 – 10:50**

Place: **TU Dresden, BEY/98**
(Beyer-Bau, George-Bähr-Str. 1, Room 98)

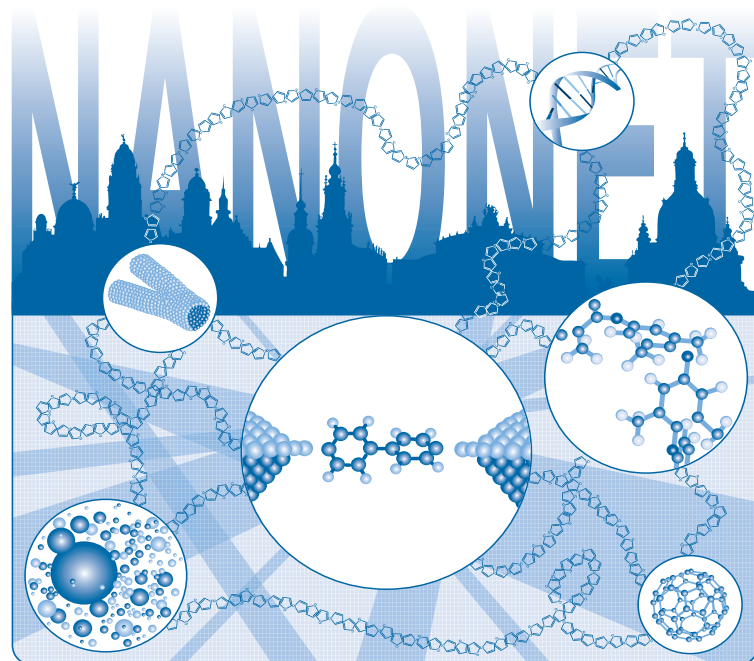

Table of Contents

1. Introduction
2. Historical development
3. Molar mass distribution, Polymer characterization
4. Free-radical Polymerization
5. Ionic Polymerization
6. Controlled radical Polymerization
7. Polymerization Processes
8. Molecular Architecture and design
9. Summary

You are cordially invited to attend the course
