

BIO-INSPIRED FUNCTIONAL MATERIALS

Venue: Building 801, Lecture Room P 142

- July 23rd, 3-4 p.m.

New Perspectives in the use of Metal Complexes in Medicinal Chemistry

Prof. Gilles Gasser

*Department of Chemistry
University of Zurich*

- July 24th, 11-12 a.m.

Relaxation Enhancers and Frequency-encoding Agents for Molecular and Functional MRI Studies

Prof. Silvio Aime

*Molecular Biotechnology Center
Università di Torino*

- July 30th, 3-4 p.m.

Adventures at the Interface of Chemistry and Biology

Prof. Nicholas Westwood

*School of Chemistry
University of St Andrews*

Organized by

Dr. Holger Stephan
Dr. Kristof Zarschler

*Institute of Radiopharmaceutical Cancer Research
Helmholtz Virtual Institute 'NanoTracking'*
