

## Title

*(Please provide the title of your proposal)*

## Project description

**Instructions for drafting the Project description** *(please delete this text box before uploading the document)*

The following elements are mandatory and need to be discussed:

1. Scientific Background (including related own earlier results)
2. Motivation for the proposal
3. Experimental plan (detailed description of the planned experiment including relevant technical details)
4. Justification of beamtime requested (based whenever possible on count rate estimates)
5. Results expected and impact
6. References related to the proposal scientific text

**Layout:**

- The project description is limited to three pages
- The minimum font size allowed is 11 pt, the minimum line spacing is 1 line
- All margins should be at least 15 mm
- The use of figures is strongly recommended

Note that the document needs to be converted into pdf format before uploading.
