

HIBEF - Science using high-energy optical laser systems at High Energy Density beamline

Date: 23.1.2018 from 9:00 until 12:00 am

Venue: DESY Notkestraße 85, Building 3 room SRBAH 1; Hamburg, Germany

9:00	Welcome	T.Cowan, HZDR
9:05	Technical details of the kJ-laser system	T. Toncian, HZDR
9:15	Science case for a kJ laser system at European XFEL	D. Kraus, HZDR
9:35	Astrophysics on a kJ laser at XFEL.EU	M. Koenig CNRS
9:55	Experiments using Dipole100X	J. Wark, University of Oxford
10:15	Round table discussion	
12:00	Bus transfer to European XFEL, Schenefeld	

To participate in the meeting by video conference, please use Chrome or Firefox and the link below. In the case of problems please [contact me](#).
